# PLEASE BE AWARE OF SCAMS

The credit union is seeing a lot of scams. No one is going to call you and ask for money, or for you to purchase gift cards and give them the information off the cards. If they tell you a relative is in trouble, make some calls and check it out because it is likely to be a scam. We would advise you not to answer a call if you do not know the phone number. If it is important, they will leave a message. You can also block the number, but the scammers are on to this and may try to call from another phone number. You might want to consider changing your phone number. The scammers may threaten you and tell you to keep them on the line and advise you not to tell the credit union why you are withdrawing the money they are requesting. These scammers are very persistent and will keep calling. They may say they are the IRS, but the IRS will NOT call you.

We are also aware of the scammers using Publishers Clearing House, Social Security, Amazon, and USPS to scam our members out of money. If the caller is asking for your banking information, social security number or to send money <u>DO NOT</u> give it to them. Please <u>DO NOT</u> fall for these scams, you <u>WILL NOT</u> get your money back. The credit union would advise you to contact your local police department and report the incident.
